While the workshops were very productive, we will do the rest of the work thru email. RI redline has already gone to EPA for backcheck and Alice and Thalia agreed that FFS redline would go for backcheck by noon Monday. Pending EPA approval of redlines, we plan to finish RI PDF on Mon and FFS PDF by Tues. Alice will focus on PP as much as possible from here on out. Release is still aligned for 10am on Thurs.

All:

Thanks for your efforts during the workshop. I am happy to report that all appendices were resubmitted to EPA legal for final backcheck and Alice has begun to approve them (Appendix A, B, C, and H have been approved to date). Once you receive approval, please proceed to remove the confidentiality header, do a final formatting check (and associated QC checklist sections), and post the PDF to Sharepoint. All Appendices must be completed by tomorrow.

Truly great effort and progress this week.

Regards,

Scott
